Hello and welcome to the

Education Queensland International (EQI)

School Profile Handbook

Welcome to Queensland—an Australian study destination where lifestyle meets world-class education. Here, students learn in supportive school communities across vibrant cities, coastal towns, hinterland villages, and unique natural landscapes.

This Handbook is your guide to international study experiences at Queensland Government schools. It contains everything you need to know about the schools you can choose from, including subject choices, excellence programs, and pathways to further study.

Discover Queensland's renowned homestay program, where students live with carefully selected Queensland families close to their school of choice.

Learn about the support available during your stay, such as school-based international support coordinators, homestay coordinators, English as an Additional Language/Dialect (EAL/D) teachers, school guidance officers, and the 24-hour student support hotline.

You'll also find information about internationally recognised qualifications, senior schooling options, and pathways to university, vocational training, and global careers.

From primary schools, where curiosity and creativity are nurtured through a holistic environment, to secondary schools offering a wide range of subjects and career pathways, Education Queensland International (EQI) schools offer a quality study experience in friendly communities across Queensland.

We look forward to welcoming you.

Studying in a **Queensland school**

Participation

Participating in new activities while studying in Queensland can contribute to developing new skills and accountabilities. Learn an instrument, join a school band, volunteer in the community or maybe start a chess club. Our school staff will provide advice on the many extracurricular activities available to provide students with a balanced program that also includes health and wellbeing.

Support

Further peace of mind is knowing we have the free-call 1800 QSTUDY (1800 778 839) phone support service for international students in Queensland 24 hours a day, 7 days a week. This number can also be phoned from overseas, remembering to dial the +61 first.

Sometimes extra advice and counselling can provide the clarity required for personal issues, as well as academic advice and future education pathways. Many of our compassionate school Guidance Officers are professionally trained counsellors available to assist.

Our International Student Programs team is there to support agents, families and students applying to join an EQI program. Our professional staff ensure that students are happy and confident, with first-class care so they can focus on studying and enjoying their new Aussie life.

Extracurricular

Choose from our diverse range of academic and sports subjects and gain the knowledge and skills you need to succeed in the most desirable jobs of the future. Choose your location – we have a school for you, so decide what you want from the best choice of locations. You can live and study in a city or a small country town, at the coast or near the rainforest.

In Queensland, we have beautiful beaches, pristine World Heritage rainforests, coastal islands and the Great Barrier Reef. Many schools offer niche subjects such as marine science because of their location or regional industries.

Most of our schools are close to universities and Technical and Further Education (TAFE) campuses and often have partnerships that can benefit students.

Modern facilities and programs

Get a 21st century education with our innovative eLearning technology; computer, science and multimedia laboratories; and academic, vocational, creative arts and sports facilities.

Science, Technology, Engineering and Mathematics (STEM) courses are available at many schools, including robotics, coding, drone technology, engineering, digital media, 3D printing, biotechnology, industrial technology and aviation.

At some of our schools, you can also participate in unique programs like She Flies – teaching girls about drone technology and encouraging girls to explore STEM careers.

Please step outside

We prepare students for a career in their chosen field by taking them outside the classroom to do practical research and learn how to apply theory to solve real problems.

Your Queensland education journey can be in the rainforest or on the Great Barrier Reef. High schools in Cairns work directly with James Cook University to conduct research in the Daintree Rainforest Observatory and on the Great Barrier Reef – swimming with turtles or jungle surfing in the rainforest canopy.

Be prepared

Prepare the pathway to tertiary study and beyond. Take the next step in achieving a dream career with post-secondary education and training to give you the skills and knowledge you need to succeed.

You can take advantage of our fast-tracked, practical and even direct-entry pathways to Australian universities, TAFEs and vocational education institutions and succeed with our dedicated student support.

We support you with everything you need to be successful.

Choose the program that's **right for you**

PS Primary School

CRICOS Course Code: 082519A

Our Primary School program gives young students a positive start to their early development and learning.

All students from a non-English speaking background receive specialist English as an Additional Language/ Dialect (EAL/D) lessons so they can fully participate in classroom and extracurricular activities.

Primary school provides a strong foundation for future study.

International primary school students must hold a student visa (subclass 500)* to start an EQI International Student Program.

International students enrolled in primary school must stay with a parent or Department of Home Affairs approved guardian.

To be eligible for this student visa, (subclass 500)* international students must be 6 years of age or older.

EQI only accepts applications from a primary (main) holder of a student visa (subclass 500)*.

Students under the age of 6 can enrol in the primary program but they will not be able to hold their own student visa until they turn 6. Prior to that they must be enrolled as a dependant on their parent's guardian visa.

‡**Please note:** Prep is the first year of schooling in Queensland. Local children must be 5 years by 30 June in the year of enrolment, but 6 years is the minimum age for international students.

*To see more eligibility requirements for student visas, please visit https://immi.homeaffairs.gov.au/visas/getting-a-visa/visa-listing/student-500#Eligibility

Program length	2 terms–7 years
Program entry	At the beginning of any school term in Years Prep–5 (January, April, July, October), at the beginning of Term 1 (January) in Year 6.
Age range	6-12 years‡
School year (s)	Prep–Year 6
Entry requirements	Prep–Year 1: 6 Years of age or older. No academic or English Language is needed for entry. Year 2–Year 5: Passing grades in Mathematics and English. In all other subjects no more than 2 failing grades (per year), in the last 2 years of schooling. No English Language requirements. Year 6: Passing grades in Mathematics and English. In all other subjects, no more than 2 failing grades (per year) in the last 2 years of schooling. Proficiency in English.

HSP High School Preparation

CRICOS Course Code: 087993A

EQI's High School Preparation (HSP) program is an intensive English language program that prepares students for mainstream high school studies.

Students build their English language fluency in different contexts such as mathematics, science, social studies and literature, so they can understand the language used in the mainstream curriculum.

The HSP program features:

- 10-week modules
- minimum 20 hours of instruction per week
- four different levels so you can learn at the appropriate level for you
- range of learning methods including textbook, video, group discussions and practical activities
- opportunities to make friends through learning activities, excursions and sports.

The HSP program is available at:

- Indooroopilly State High School
- Mitchelton State High School
- Whites Hill State College

Program length	10–40 weeks, depending on student's English level
Program entry	Students in Year 11 must complete their HSP and meet the required English proficiency level to commence at the start of Year 11. This means that the last entry into HSP prior to Year 11 is Term 3 (July).
Age range	11–18 years
Entry requirements	Passing grades in Mathematics and English. In all other subjects no more than 2 failing grades (per year), in the last 2 years of schooling. No English Language requirements.
More information	eqi.com.au/highschoolpreparation

HS High School

CRICOS Course Code: 082520G Years 7–10
CRICOS Course Code: 082521G Years 11–12

The High School program is designed for students seeking to graduate high school in Queensland and qualify for tertiary study in Australia or abroad.

Students can choose from over 70 schools throughout Queensland that offer a diverse range of academic, creative and sports programs.

Students who complete Years 11 and 12 receive the internationally recognised Queensland Certificate of Education (QCE) and may be eligible for university study locally and around the world.

Program length	2–6 years
Program entry	At the beginning of any school term in Years 7–10 (January, April, July, October), at the beginning of Term 1 (January) in Year 11.
Age range	11–18 years
School year (s)	Years 7–12
Entry requirements	Passing grades in Mathematics and English. In all other subjects no more than 2 failing grades (per year) in the last 2 years of schooling. Proficiency in English.
More information	eqi.com.au/highschool

SA High School (Study Abroad)

CRICOS Course Code: 082520G Years 7–10
CRICOS Course Code: 082521G Years 11–12

The Study Abroad program is a high school experience providing opportunities to pursue personal, cultural and academic goals.

Experience the full Aussie lifestyle with a shorter commitment of 3, 6, 9 or 12 months. The program is an ideal opportunity to live in a different part of the world and study what interests you while practising English.

Schools are located all over Queensland, including options in regional areas that provide a unique lifestyle experience. Course fees may vary depending on the location, school and duration you choose.

Students are welcomed into the school community, improve their English proficiency and learn about Australian culture before returning home to continue their studies. Studying in Queensland is recognised by several education systems abroad.†

Program length	1 term–4 terms (3–12 months)
Program entry	At the beginning of any school term in Year 11 (January, April, July, October). At the beginning of Term 1 or 2 (January, April) and must finish by the end of Term 3 (September) in Year 12.
Age range	11–18 years
School year (s)	Years 7–12
Entry requirements	Passing grades in Mathematics and English. In all other subjects no more than 2 failing grades (per year) in the last 2 years of schooling. Proficiency in English.
More information	eqi.com.au/studyabroad eqi.com.au/study-options/regional-study-abroad-program

† EQI recommends that students verify subject credit recognition in their own country.

Study Abroad

Regional Study Abroad

IB International Baccalaureate

CRICOS Course Code: 079324E

The International Baccalaureate Diploma Programme (IB) is an internationally recognised qualification for high achievers who are ready to commit 2 years in Years 11 and 12 for an outstanding global qualification in preparation for university. The IB curriculum aims to develop your thinking, communication, self-management, teamwork and research skills to be one step ahead in preparation for university.

The IB is one of the world's most innovative educational courses offered for 16–18 year olds and is globally recognised by universities for the holistic and rigorous education it provides.

The IB fulfils many national and state education system requirements and lets you transfer from a Queensland IB school to any other IB school in the world.

Did you know the IB also works in reverse? If you are studying an IB in your home country, you could spend six months or a year here in Queensland, experiencing an Aussie lifestyle, and then return to your school for the final part.

The great news is that you then receive the full IB qualification from your home-country school.

Students wishing to enrol in the IB program should have achieved high academic results in a range of subjects prior to entry.

For a full list of IB subjects at our schools, please check Appendix E at the back of this handbook.

Program length	2 terms, one academic year or the two year Diploma course
Program entry	Term 1 (January)
Age range	15–18 years
School year(s)	Years 11 and 12
Entry requirements	High academic performance for the previous 2 years. Proficiency in English.
More information	eqi.com.au/ib

QA Queensland Academies International Baccalaureate

CRICOS Course Code: 082520G Years 10
CRICOS Course Code: 079324E Years 11-12

The IB is also offered as a 3-year program for Years 10, 11 and 12 at the 3 selective Queensland Academies (QA) and unlike our other Queensland Government schools, IB is the only program they deliver to international students.

- Queensland Academies Creative Industries Campus (QACI)
- Queensland Academies Health Sciences Campus (QAHS)
- Queensland Academy for Science Mathematics and Technology (QASMT)

Students commence at the Academies at the beginning of Year 10 for an immersion IB preparation program.

The IB curriculum aims to develop your thinking, communication, self-management, teamwork and research skills to be one-step ahead for preparation to university.

It is one of the world's most innovative educational courses offered for 15 to 18-year olds and is globally recognised by universities for the holistic and rigorous education it provides.

Partnerships with leading universities provide many benefits including credits toward second-year university courses, achieving additional tertiary rankings, industry experience and access to world-class resources and facilities.

Program length	3 years
Program entry	Term 1 (January), Year 10
Age range	15–18 years
School year (s)	Years 10–12
Entry requirements	High academic performance for the previous two years. Proficiency in English.
More information	eqi.com.au/study-options/international-baccalaureate-diploma/queensland-academies

- Athletics
- Cricket
- Surfing
- Beach volleyball
- Basketball
- Rowing
- Rock-climbing
- Australian Rules football

Many Queensland state high schools also offer specialised sports excellence and academy programs where students can train and compete at a high level alongside their academic subjects.

Programs are led by experienced coaching staff, and students are accepted through an application and trial process.

Through sports excellence and academy programs, students

can access:

- Skills development
- Elite competitions
- Coaching pathways and qualifications
- Leadership, wellbeing, and nutrition support
- Balancing academics and sport
- A supportive school environment

Some of the excellence

Explore the full list of sports excellence opportunities at schools across Queensland here.

Sports opportunities **in Queensland**

Sports in the sunshine state

With around 300 days of sunshine a year, the chance to get outside and enjoy sports and activities is one of the great things about studying in Queensland.

Queensland state schools encourage active lifestyles and wellbeing through curriculum sport, school sport, interschool competitions, excellence programs, and extracurricular activities.

Often divided into summer and winter seasons, students can participate in a wide range of activities including athletics, rock climbing, sailing, surfing, strategy games, aerobics, cricket, and more. With a focus on teamwork, friendships and fun, students benefit from the chance to enjoy new or familiar activities on a weekly basis.

Queensland state schools also participate in regular interschool sports competitions against other schools, giving students the opportunity to represent their school at regional, state, and national levels.

- Touch Football
- Triathlon
- Volleyball
- Water Polo
- Yoga

Australian Tertiary Admission Rank

What is ATAR?

The Australian Tertiary Admission Rank (ATAR) is just that – it is a rank, not a score. If a student gets an ATAR of 80, they don't have an average of 80% for their subjects but are 20% from the top of their age group.

The main purpose of the ATAR is to determine who gets offered a place in a university course. It is similar to being in a queue. When places are limited, the closer to the front of the queue you are, the more likely you will get in. Some years there will be fewer people in the queue or more places in the course. These affect the ATAR required to be accepted.

How is an ATAR calculated?

A student must study a minimum number of subjects that can be used in the final calculation. In most cases, students are marked on how they did in the school assessments and external exams that count towards the ATAR. But remember, an ATAR is a rank, so the scores need to be reinterpreted as a rank on a scaling system, which means adjustments being taking into consideration on how competitive, not how difficult, a subject is.

Remember to choose subjects that match your interests as well as what you'll need for future studies.

Universities sometimes set minimum ATARs, either for a course or the university, so students can only apply to them if they achieve their minimum ATAR.

School of Distance Education

The Brisbane School of (Brisbane SDE) and Cairns School of (Cairns SDE) provides a convenient service to EQI schools so that their international students can enrol in language classes that their school doesn't offer. These language classes are for French, German, Spanish, Chinese and Japanese*.

Our accredited SDE's provide 3 x live 70-minute lessons every week during term, with students attending a minimum of 2 lessons each week.

Some international students have to study 2 foreign languages (English and 1 other) to secure approval for their EQI international study experience.

Here's an example: Jiaming is a Year 11 student from China who has studied English and Japanese as his first and second foreign languages in China. He comes to Queensland to study for years 11 and 12 and plans to graduate with his Queensland Certificate of Education (QCE). Jiaming is enrolled in the Queensland English course, which satisfies his continued study of English. Jiaming also requested to study Japanese, but his school did not offer this subject, so applied to study Japanese at BrisbaneSDE which was approved and supported his ongoing language learning journey.

For more information:
brisbanesde.eq.edu.au/enrolments/school-based
cairnssde.eq.edu.au/enrolments/school-based

* Approval to access a language subject through SDE is strictly subject to availability and are not guaranteed. Approval is prioritised to international students studying in the graduate program over those who are studying in a study abroad program. It is recommended that student's preference their school based on language subjects offered on campus (if this is a requirement of their study program).

School subjects

General, Authority and Applied subjects

General or Authority subjects for senior school students are from syllabuses approved by the Queensland Curriculum and Assessment Authority (QCAA).

Results in General or Authority subjects can contribute to the award of a QCE and may contribute to a student's ATAR.

The ATAR is the national selection ranking currently used by tertiary education providers.

QCAA Applied subjects are suited to students who are primarily interested in pathways beyond senior secondary schooling that lead to vocational education and training or work.

Results in Applied subjects contribute to the award of a QCE and one Applied subject result may contribute to an ATAR.

Short courses are one-unit courses of study that are suited to students who are interested in pathways beyond school that lead to vocational education and training or work. Short courses may contribute one credit towards a QCE but they do not contribute to ATAR calculations.

Queensland Certificate of Education (QCE)

The Queensland Certificate of Education (QCE) is Queensland's senior secondary schooling qualification. It is internationally recognised and provides evidence of senior schooling achievements.

Calculation of the assessment and tertiary entrance system

Eligible Year 12 students in Queensland receive an ATAR ranking at the completion of studies.

The ATAR is calculated on a student's 5 best General subjects, or the student's best results in a combination of 4 General subjects and either one Applied subject result or a completed Vocational Education and Training (VET) qualification Certificate III level or above.

To be eligible for an ATAR, students must satisfactorily complete a QCAA English subject. While students must meet this standard in order to be eligible for an ATAR, it is not mandatory for this result to be used in the calculation of the ATAR.

Choosing subjects

We advise you to choose subjects according to your learning goals, and what you enjoy and are good at. You should also carefully consider the prerequisite requirements of any courses you are considering for tertiary study.

You can access more information about the ATAR system on the QCAA website: www.qcaa.qld.edu.au/senior/australian-tertiary-admission-rank-atar

Subject and sports guide disclaimer

The subject information stated in this brochure is correct at the time of printing (May 2026) and may be subject to change. Please check eqi.com.au/find-a-school or contact the school for the latest information.

VET for international students

Choosing VET

School registered training organisations can deliver VET to international students as a subject in Years 10, 11 and 12 as part of the international student course requirements.

Swapping a curriculum subject for a VET subject provides practical hands-on-experience with industry specific outcomes. Students appreciate the additional interaction and balance within the school year.

Students who achieve competency will receive a nationally recognised VET qualification in addition to the QCE.

Please note that international students can not participate in apprenticeships and traineeships as part of the program.

Homestay

We provide a range of support services to help you adjust to your new school, accommodation and location. Every EQI school has an international student coordinator who is the contact point for all international student enquiries. School staff provide assistance and advice with many types of education matters, including extracurricular activities, health and personal concerns. There is also an emergency contact person who is available 24/7. Our international students can access our phone support service outside school hours – 1800 QSTUDY (1800 778 839). For more information visit eqi.com.au/student-support/hotline

Your school's homestay coordinator is responsible for organising your homestay and ensures you have an enjoyable homestay experience.

Choice of study destinations

Queensland study destinations

Brisbane

JUN - AUG 22°C 10°C
DEC - FEB 29°C 21°C

Queensland's modern capital city Brisbane offers world-class education opportunities alongside vibrant arts, cultural, and sporting scenes. Located between the Sunshine Coast and the Gold Coast, it is a friendly and multicultural destination known for its warm climate and active outdoor living.

Students can enjoy riverside dining, major sporting and music events, museums, galleries and parklands, as well as safe and accessible public transport, including on the city's iconic river ferries. Home to internationally recognised universities The University of Queensland, Queensland University of Technology, and Griffith University, Brisbane also offers leafy walking and cycling networks and easy access to some of Australia's most famous beaches. The city provides an exciting and balanced lifestyle for international students.

Sunshine Coast

JUN - AUG 20°C 9°C
DEC - FEB 28°C 21°C

Known for its beautiful beaches, hinterland villages, and national parks, the Sunshine Coast is a relaxed coastal region with a warm subtropical climate and an outdoor lifestyle.

Along the coastline, water sports such as surfing, swimming, kayaking and boating are part of local life, while the hinterland offers rainforest walks, waterfalls, artisan markets, and iconic attractions including Australia Zoo and Aussie World.

Located around one hour north of Brisbane, the Sunshine Coast is easily accessible by car, while Sunshine Coast Airport offers domestic and select international connections. Students benefit from quality, friendly schools, welcoming communities, and proximity to the University of the Sunshine Coast.

Gold Coast

JUN - AUG 20°C 12°C
DEC - FEB 29°C 21°C

The Gold Coast is a lively coastal city nestled in the southeast corner of Queensland. Home to some of Australia's most famous beaches and attractions, the city offers students a unique mix of beachside and hinterland lifestyles and exciting city experiences.

Students can experience surfing, adventure theme parks, shopping and dining precincts, as well as lush hinterland rainforests and mountain villages to the west. Public transport is efficient and easy to navigate, while Gold Coast Airport services both domestic and international flights.

The region has quality state primary and secondary schools, as well as universities including Griffith University and Bond University. Brisbane is also easily accessible by car, train, or bus.

Cairns

JUN - AUG 24C 17C | DEC - FEB 31C 24C

Gateway to the Great Barrier Reef and Daintree Rainforest, Cairns is a unique destination with adventure at its heart. With a warm, tropical climate, the area is lush and green, with freshwater swimming holes, rainforest creeks, and stunning beaches.

Beyond the city centre, students can explore the UNESCO World Heritage-listed Wet Tropics where ancient rainforests meet sandy shores. Nearby Green and Fitzroy Islands offer crystal-clear waters and incredible snorkelling opportunities, while local Indigenous cultures have called the region home for more than 50,000 years.

With quality schools, public transport, Cairns Airport, and access to James Cook University, Cairns offers a unique tropical study experience in North Queensland.

Townsville

JUN - AUG 22C 17C | DEC - FEB 31C 24C

A dynamic coastal city in North Queensland, Townsville combines tropical living with easy access to some of Australia's most spectacular natural attractions. With sunshine throughout most of the year, students can discover waterfront parks, nearby beaches, outdoor dining, and plenty of outdoor adventures.

Just offshore, Magnetic Island boasts palm-fringed beaches, snorkelling, walking trails and unique Australian wildlife, while nearby national parks and reef experiences showcase the area's natural beauty. Townsville also offers arts and culture, including a museum, public art trails, and outdoor events.

As a major regional centre and home to James Cook University, Townsville has strong education opportunities with quality primary and secondary schools.

Fraser and Capricorn Coast

JUN - AUG 22C 12C | DEC - FEB 29C 22C

Islands, historic towns, and coastal and rural landscapes make up this diverse region of Queensland. This destination combines close-knit communities with beautiful stretches of coastline and endless opportunities for exploring. With great weather throughout most of the year, students experience a genuine laid-back Australian experience surrounded by nature.

Discover the Southern Great Barrier Reef, visit the world's largest sand island K'gari (Fraser Island), venture offshore from Hervey Bay to go whale watching, or enjoy unique townships like Maryborough—rich in history and culture.

Quality schools, supportive neighbourhoods, and access to tertiary study pathways including Central Queensland University and the University of the Sunshine Coast make this a leading destination for international students.

Ipswich and Toowoomba

JUN - AUG 22C 9C | DEC - FEB 29C 21C

Located west of Brisbane, Ipswich and Toowoomba are welcoming destinations providing students relaxed lifestyles and quality education opportunities. Both cities offer supportive study environments with easy access to diverse natural landscapes and culture.

With a cool climate and Australian country charm, Toowoomba blends history and nature, while its Empire Theatre draws musicals, concerts and arts events all year-round. The University of Southern Queensland is positioned nearby.

Rich in heritage and natural beauty, Ipswich offers food trails, bustling markets, and numerous stunning parks and reserves to explore. As off-the-beaten-track study destinations, these cities offer unique opportunities to discover the true beauty of Queensland.

Brisbane

Brisbane is a subtropical, modern and diverse city that offers a range of engaging experiences for visitors in a warm and friendly environment. The city includes cultural precincts made up of theatres, museums and international cuisine. Its sporting venues, parklands, cafes, laneways and extensive river walks make Brisbane a vibrant metropolitan city. It is the third largest city in Australia and is home to nearly two and a half million culturally diverse people. The city has an extensive music, sporting and cultural events calendar that makes the most of the year-round temperate climate. The Brisbane region is home to national parks and coastal villages, and has a countryside of historic towns, farmland and rolling cattle plains at its doorstep.

Brisbane South
State Secondary College

At Brisbane South State Secondary College, we are setting the new standard for education, readying curious minds and open hearts to realise their desired future and inspire positive change.

Student Success Statement: A successful learner at Brisbane South State Secondary College knows themselves and is a lifelong learner. They are confident, health-focused, self-directed global thinkers who are passionate about their desired future.

Creating an environment built with technology, creativity and flexibility in mind, we are reshaping the traditional classroom setting to encourage independent thought, with our unique curriculum supported by the best and most respected research facilities and institutions in Australia.

Brisbane South SSC believes in an inclusive education and one that offers both breadth and depth. Our students have rich opportunities across the Arts, through our nationally-recognised Biomedical Science Academy and academic rigour of the International Baccalaureate Diploma and Career-Related Programmes.

Programs offered:

High School | High School Study Abroad
International Baccalaureate

Address: 179 Annerley Road, Dutton Park QLD
Website: brisbanesouthssc.eq.edu.au

Established: 2021
Students: 1250

Special programs

International Baccalaureate

Our Diploma Programme fosters the desire to learn and prepare our students for a life of excellence. Our College also offers the unique Career-Related Programme (IBCP), one of only 5 schools in Australia, which allows students to combine their academic and personal interests, with both school-based subjects and a work ready qualification, as well as a balanced approach to learning with students creating a 'portfolio of professionalism' to enter Year 13.

Learner-preneur

Our unique Learner-preneur Program has been collaboratively created by our staff to engage students as genuine learning partners, and empower them to be agentic learners so that they can create their desired future. As Learner-preneurs, students undertake inquiries during dedicated time each day to discover their passions, pursuits and purposes through exploring six global competencies. Students search and discover their individual learning and wellbeing successes.

Biomedical Science Academy

In collaboration with The University of Queensland (UQ), our Biomedical Science Academy provides tailored programs in science, technology, engineering, mathematics with a medical lens STEM(M). This focus on Biomedical Science and our partnerships within Brisbane's knowledge corridor means our students interacts with research, business and industry, such as Hospitals, TRI, Ecosciences and more.

Australian Football League (AFL) Academy

Delivered in partnership with AFL Queensland and the Brisbane

Lions, our AFL Academy gives students the exclusive opportunity to be exposed to high-quality training and regular participation in State of Excellence AFL Queensland competitions, alongside their academic studies.

Burpengary
State Secondary College

Burpengary State Secondary College is located on a large modern campus approximately 20 minutes north of Brisbane, close to beautiful Moreton Bay, Freshwater National Park and the brand new University of the Sunshine Coast Petrie Campus.

We value strong community relationships and support a culture of high expectations and excellent student outcomes. The school's vision, 'Innovative Learning in a Global Community', is the philosophy behind a comprehensive curriculum that enables you to choose a pathway based on your talents and preferences, in addition to demonstrated success and a strong focus on Science, Technology and Engineering.

Unlike other larger schools in South East Queensland, our ISP department offers a smaller unique program. This allows us to provide each student with individual curriculum support and dedicated homestay guidance, care and wellbeing.

Corinda
State High School

Corinda State High School is a co-educational independent public school in Brisbane, nestled in a beautiful, leafy setting in the western suburbs, just 20 minutes by train from the city. We strive to provide boundless opportunities for fearless learning, empowering students to shape their own futures. Our goal is to inspire students to achieve personal excellence in academics, arts, sports and community service to prepare them for life beyond graduation.

At Corinda, we live by our vision, "Exceed Your Expectations", fostering a thriving culture supported by a unified collective of staff, parents, students and community partnerships. Each student is nurtured by a Year Level Deputy, Dean of Students and Home Group Teacher, along with assistance from their allocated House Group. Additionally, our International Department and EAL/D teachers help students navigate their new environment and learning culture.

We offer a wide range of subjects spanning diverse fields, including Agricultural Science, Culinary, Humanities and STEM. Our Arts department excels in its disciplines, earning national acclaim in Dance, Instrumental Music and Visual Arts. Renowned for our sporting prowess, our students can join teams including Football, Tennis, Badminton, Volleyball and Basketball, with opportunities to compete in regular competitions at regional, state and national levels.

Earnshaw State College

At Earnshaw State College, we are small, specialised and community based. We provide Prep to Year 12 education in Banyo, a vibrant and growing district north of Brisbane.

Our college is just a five-minute walk from a train station and a 20-minute train journey to the centre of Brisbane.

Nudgee Beach and one of Brisbane's most significant Aboriginal sites are a short walk away, while the wonderful beaches of the Sunshine Coast and Gold Coast are less than one hour by car.

We provide many opportunities for you to engage in academic, cultural and sporting pursuits, and our college staff build strong relationships with students to develop a thorough understanding of you and your aspirations.

At Earnshaw State College, we encourage you to be engaged and motivated to learn within a positive, supportive college culture that achieves results and builds your confidence and skills for the future.

Jindalee State School

Jindalee State School is a co-educational Queensland state government Prep to Year 6 school, with an enrolment of 600 students. Our students are predominantly from the Centenary suburbs and nearby areas with fee-paying students also welcome to enrol. At Jindalee State School, we genuinely engage parents as full partners in their children's education.

Our school motto is 'Onwards in Honour'. This is enacted through our belief that all students, of all abilities, are entitled to a high-quality education that engages, challenges and extends. By providing an optimal inclusive learning environment, we shape critical, curious and creative thinkers.

Our expert teaching team rigorously teaches the Australian Curriculum, and we are proud of our high academic performance. Additionally, we teach and model social and emotional skills, values and expectations for behaviour, to support student wellbeing and engagement.

We are regarded as a leading school in eLearning and have a successful Bring Your Own Device (BYOD) program from Grades 2–6. We are committed to using technology and devices to enhance and leverage innovative and inclusive practices to engage all learners. A range of extracurricular activities, such as Instrumental music – String & Band, Choir, Marimba, Drumming, Coding, Chess, Student Council, Senior Leadership, Technology Student Crew Club, academic competitions and extensive curricular sporting programs are offered to our students to enhance their experience at Jindalee State School.

Mabel Park
State High School

Our school is a truly unique learning environment located on beautiful tree-lined grounds, approximately 30 minutes south of Brisbane City. Public transport routes provide access to both Brisbane and the Gold Coast. Our school mission is to deliver outstanding education for our students and enrich our community. We have dedicated staff who contribute to a positive and supportive whole-school culture.

We embrace diversity and inclusion, developing student confidence to succeed. To ensure students reach their potential, we offer individualised curriculum and holistic support as well as innovative opportunities in the areas of academia, sport, creative industries and community responsibility. We offer long-term international homestay placements with caring and supportive families.

Mount Gravatt
State High School

Mount Gravatt State High School has an excellent academic, cultural, sporting and community service record. Our ethos is one of high expectations and standards, good discipline and care, where teaching and learning are prioritised.

Each year we welcome more than 60 overseas students. As well as academic, sporting and creative opportunities, we offer school trips to tourist spots and places of interest in Brisbane. We help international students with study groups and individual time management and planning sessions. Our students can participate in university courses and enter competitions in public speaking, science and maths.

We encourage you to hold school leadership positions as there is an international position in the Student Leadership Team and we will acknowledge your achievements with a special graduation ceremony exclusively for International Students at the end of Year 12.

Gold Coast

Gold Coast is one of Australia's premier holiday destinations. Famous for its beaches, surf, theme parks, shopping and hinterland, it has been attracting Australian families for many decades.

The Gold Coast is located in South East Queensland, just one hour south of Brisbane, and stretches from Oxenford in the north to Coolangatta in the south and South Stradbroke Island in the east, and incorporates Surfers Paradise on the coast. The region has 70 kilometres of uninterrupted coastline and is fringed by rainforest hinterland, including World Heritage-listed national parks. The region is famous for its attractive environment, climate and lifestyle.

Ashmore State School

School Vision: Working together to ensure every student is understood, engaged and successful. Going on to live a life of choice, not a life of chance.

Ashmore State School, centrally located on Queensland's beautiful Gold Coast, is situated on six hectares of attractive, landscaped grounds, with very well-resourced facilities, including performing arts, media and digital technology rooms, and numerous outdoor learning and sporting areas.

We aim to create a learning community where students can become productive young citizens in their local and global communities.

We ensure that studies in our classrooms include Indigenous and international perspectives.

Our caring and qualified teachers are well-trained for the challenges of modern school education and will prepare your child for life after school.

Everyone in our school community is 'Proud to Shine' and all contribute to shared success.

The Ashmore Values include: Acceptance, Self-discipline, Honesty, Manners, Opportunities, Respect, Excellence.

Clover Hill
State School

At Clover Hill State School, we offer international students an exceptional primary school experience in a safe, welcoming, and high-performing learning environment on Queensland's iconic Gold Coast.

We are known for our strong academic performance and commitment to excellence. Our high results are underpinned by research-based, effective teaching practices delivered through a clear Explicit Instruction approach. This supports international students to quickly build confidence, understanding and success within the Australian curriculum.

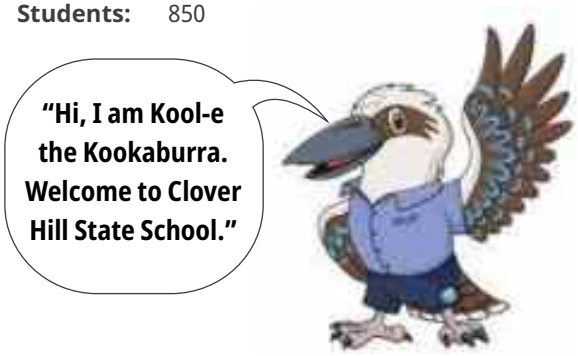

Beyond strong academic foundations, students benefit from a broad and enriching range of learning opportunities. Our school places a strong emphasis on whole-child development, balancing academic rigour with wellbeing, leadership, outdoor education, and extracurricular involvement.

Students are encouraged to be curious, confident learners, and we are one of few primary schools to offer Excellence Pathways across both academic and co-curricular domains. These programs allow students to extend their talents, pursue passions, and experience quality instruction beyond the classroom.

With quality facilities and ongoing upgrades to support contemporary learning, Clover Hill State School is an outstanding choice for international students seeking academic excellence, rich opportunities, and a genuine sense of belonging.

Coombabah
State High School

At Coombabah State High School (SHS), our vision is clear: together we innovate, empower, and excel. As an International Study School from 2026, we are proud to embrace cultural diversity, providing every student with the skills, confidence, and resilience to achieve their aspirations.

What makes our school unique is its natural setting. Sharing our campus with kangaroos and koalas offers a distinctly Australian experience and reminds us of the importance of protecting our environment.

Your journey here will open doors to lifelong friendships, cultural exchange, and future opportunities. I encourage you to immerse yourself in school life, embrace new experiences, and share your culture with our community.

Welcome to the Coombabah SHS family – where we shape the future, one student at a time.

Merrimac
State High School

As an internationally recognised school with an outstanding reputation, Merrimac State High School delivers world-class education built upon the core principles of respect, responsibility and reliability.

With multiculturalism at the forefront of our ethos, we warmly welcome international students and are proud to offer these students an enriching local homestay courtesy of our strong engagement with the school community.

Our school motto, 'Pride in Excellence', emphasises our unwavering pursuit toward greatness. We believe this is best achieved when students, parents, teachers and community work together as a family to deliver the best possible educational outcomes.

Through our selective entry programs, students are challenged in areas that extend beyond the classroom. This is based on the understanding that fostering student interests and offering opportunities for extension allow students to reach their highest potential.

Owing to our solid relationships with Griffith, Bond and Southern Cross Universities, as well as The University of Queensland, students are provided with flexible pathways to tertiary education, while our industry partners offer a diverse range of traineeships and school-based apprenticeships.

Located in the heart of the Gold Coast and readily accessible via public transport, Merrimac State High School boasts world-class facilities, a highly experienced teaching staff and a supportive school community; an environment where students thrive.

Ormeau Woods
State High School

Ormeau Woods State High School is located just 30 minutes from both Brisbane and the Gold Coast. We are surrounded by nature reserves and walking trails, with kangaroos often seen hopping around.

Our school prides itself on the four pillars: academic, sporting, community and cultural. Students can participate in a wide variety of extracurricular activities and we offer more than 40 elective subjects including robotics and engineering. Our motto 'Linking Learning with Life' reflects our commitment to a curriculum that includes experiences outside the classroom and where there is a strong connection between school, family and community.

We have excellent facilities, technology and equipment to provide you with a quality education, and our staff, students and families work together as a team to achieve quality learning outcomes for all. Respect for self, each other, our school and the wider community are Ormeau Woods State High School's guiding principles.

Meridan
State College

Igniting Minds, Empowering Futures

At Meridan, we aim to provide a contemporary educational experience that prepares every student for the challenges and opportunities of the future. By embracing a highly engaging futures-oriented curriculum, we ensure that every Prep–Year 12 student is equipped with the skills, knowledge and mindset necessary to thrive in an ever-changing world.

We take great pride in welcoming international students and offering each and every student a personalised program accompanied by the dedicated support from our international team. We are conveniently located only 3.6 km from some of the most beautiful beaches and surf on the Sunshine Coast and only 1 hour to our capital city, Brisbane.

We believe that by exposing students to a wide range of perspectives and experiences, we prepare them to thrive in a multicultural and interconnected world.

Sunshine Beach
State School

Parents and students at Sunshine Beach State School often comment on our positive, fun and supportive learning environment.

We have been an accredited Glasser Quality School since 2003, and we use the principles of Dr William Glasser's choice theory, reality therapy and lead management as our philosophy.

Because of this unifying approach, our learning environment will satisfy your child's needs.

We create positive relationships based on trust and respect, and our staff, students, families and community strive together for quality in all that we do.

Since 1982, we have created a successful school with a unique, caring culture where your child will belong and feel safe and comfortable.

Every year we welcome students from many countries including Brazil, Japan, China and South Korea.

Queensland Academies

Innovative education for high-achievers

Queensland Academies are selective entry state schools for high-achieving students. The Academies prepare high school students in Years 10 to 12 for university study and life beyond.

Our academies offer the International Baccalaureate Diploma Program (IB), a pre-university qualification that is recognised for academic excellence worldwide.

Supportive learning structure

We help you to reach your full potential. Our teachers and staff work collaboratively with you and provide individual mentoring to assist you to balance the challenge of IB study with other pursuits.

Studying with like-minded students

At the Academies, like-minded, highly capable students learn from and with each other. The Academies, and the IB curriculum, promote a sense of team in which students are not competing for a finite number of top scores.

University partnerships and pathways

Our university partnerships provide you with access to university teaching staff, resources and facilities. You can also commence university studies early or gain credits and exemptions for first year university subjects, going directly into second-year university courses.

Technology-rich facilities

Enjoy the benefits of our state-of-the-art facilities that enable the specialised programs we offer at each Academy.

Stimulating co-curricular activities

We provide you with a balanced education to help you develop emotional and interpersonal skills that you will need to be successful in your life and career. To balance the demands of academic study, our school-based Creativity, Activity and Service (CAS) activities encourage self-awareness, develop leadership skills and teach you to work cooperatively with others.

QUEENSLAND ACADEMIES
Creative Industries Campus

Queensland Academies
Creative Industries Campus

QACI is a proudly inclusive community of innovative and creative thinkers who seek opportunities to ignite their curiosity, develop global and intercultural perspectives and foster a love of lifelong learning.

Enjoy our campus life in a safe, multicultural village environment with shared green, business and education spaces located in the Queensland University of Technology (QUT) Creative Industries precinct.

As we attract a diverse range of students with shared interests, you can immerse yourself in our rich and integrated academic International Baccalaureate Diploma Programme curriculum.

Flourish in our culture that encourages creative and critical thinking, innovation and enterprise, where we approach learning as a limitless opportunity to enhance understanding and perceptions.

Queensland Academies
Health Sciences Campus

Queensland Academies Health Sciences Campus is a senior years (10–12) selective entry high school located on the Gold Coast, Australia. We offer the International Baccalaureate (IB) Diploma Programme – an internationally recognised pre-university level qualification.

We aim to develop inquiring, knowledgeable and caring young people who help to create a better and more peaceful world through intercultural understanding and respect.

Our graduating students can study at Australian tertiary institutes and overseas universities.

We are co-located in the Gold Coast Health and Knowledge Precinct. Working in partnership with Griffith University, we provide unique opportunities and enrichment for students who are interested in careers in health sciences, research and academia. We focus on local and global perspectives to broaden your view of your place in the world.

Programs offered:
International Baccalaureate

Address: 102 Edmund Rice Drive, Southport QLD
Website: qahs.eq.edu.au

Appendix E:

The International Baccalaureate Programme

Over the course of the two-year IB Diploma Programme, six subjects are chosen. These are usually three subjects (and not more than four) at higher level (HL) and the others are taken at standard level (SL). In addition, there are three compulsory core elements – the Extended Essay, Theory of Knowledge and Creativity, Activity, Service – that are central to the philosophy of the program.

These subject offerings may vary from year to year. The following subjects are offered for Term 1, 2026

Area of Learning	Subject	Queensland Academies Creative Industries Campus	Queensland Academy for Science Mathematics and Technology	Queensland Academies Health Sciences Campus	Indooroopilly State High School	Brisbane South State Secondary College
Core Subjects	Creativity, Activity, Service (CAS)	•	•	•	•	•
	Extended Essay	•	•	•	•	•
	Theory of Knowledge	•	•	•	•	•
Academic Area of Study: Language & Literature	Language A: Literature (SL/HL)				(SL/HL)	
	Language A: Language and Literature (SL/HL)	(SL/HL)	(SL/HL)	(SL/HL)		(SL/HL)
	Literature and Performance (SL)					
Academic Area of Study: Language Acquisition	Classical Languages (SL/HL)		Latin (SL/HL)			
	Language B (SL/HL)	French (SL/HL) Mandarin (SL/HL) Spanish (SL/HL) Korean (SL/HL)	French (SL/HL) German (SL/HL) Japanese (SL/HL) Chinese (SL/HL)	French (SL/HL) Mandarin (SL/HL) Spanish (SL/HL)	Mandarin (HL) Spanish (HL)	Mandarin (SL)
	Language ab initio (SL)	French Mandarin Spanish	Spanish	French Mandarin Spanish	Mandarin Spanish	Mandarin Spanish

Area of Learning	Subject	Queensland Academies Creative Industries Campus	Queensland Academy for Science Mathematics and Technology	Queensland Academies Health Sciences Campus	Indooroopilly State High School	Brisbane South State Secondary College
Academic Area of Study: Individuals and Societies	Business Management (SL/HL)	(SL/HL)	(HL)	(HL)	(SL/HL)	(SL/HL)
	Digital Society (SL/HL)		(HL)			
	Geography (SL/HL)					
	Economics (SL/HL)		(HL)	(HL)		
	Environmental Systems and Societies (SL)	(SL/HL)	(HL)			
	Global Politics (SL/HL)	(SL/HL)				(SL/HL)
	History (SL/HL)				(SL/HL)	
	Information Technology in a Global Society (SL/HL)
