

Greenheart in Hawaii!

Greenheart Trips to Hawaii

Hawaii is one of the USA's most unique states with a very distinct culture and environment. Enjoy sandy beaches, surfing, and hikes in the tropical paradise of Hawaii. On the trip you also will learn about the Hawaiian culture and history, through visits to cultural sites like Pearl Harbor and the Polynesian Cultural center. We will also give back to the island by doing volunteer projects. Hawaii is unlike any other place in the continental U.S. with amazing marine life and beautiful views.

- Catamaran cruise
- Environmental Volunteering
- Polynesian Cultural Center
- Visit Pearl Harbor
- Surfing
- Snorkeling
- Hikes
- Campfire

The Greenheart Difference

A Greenheart Trip is not your average tourist trip. Here is how we are different. Groups are small and we stay in communal lodging. We give back to the places we visit through volunteering. We learn from each other through interactive workshops where we share cultures and discuss global engagement. We create Facebook groups for each trip—come prepared to make lifelong friends from around the world!
